### EXPERIENCE

---

#### GENERAL ASSEMBLY, WEB DEVELOPMENT IMMERSIVE: LONDON MAY-JULY 2017

A three month intensive course, which covered HTML, CSS, JavaScript, jQuery, Angular, Ruby, Rails, PostgreSQL, Node.js, Express.js, APIs, MongoDB, and much more.

#### PROJECTS

**Make News** ✧ The final project for GA, Make News is a social media app that allows friends to share news stories from various sources (from BBC to Die Zeit). This app uses a custom made Rails API, external API, and has other cool features like a friendship and liking system.

**Wabi Sabi** ✧ A group project, Wabi Sabi is an e-commerce app named after the Japanese concept of appreciating imperfection. The app allows users to sell and purchase handmade and vintage goods with our custom ordering system and Stripe payments.

**Mode Code** ✧ An app that functions as a lifestyle blog and shopping destination. Mode Code provides weather updates on the trendiest cities and users can share outfit posts and shop trends specific to each city. This app uses two external APIs.

**WDI Trivia Game** ✧ My first app for the course made with vanilla JavaScript. Players can answer trivia questions based on WDI classmates and teachers. Implemented a timer and score system with changing music and visuals.

**TUTOR & MODERATOR, ENGLISH CAFE, MEIJI UNIVERSITY: TOKYO JUNE-DECEMBER 2016**

Revised English materials for administrative presentations, moderated events hosted by the English Cafe, and tutored Japanese students to improve their language abilities.

**WRITER, COPY EDITOR, FACEBOOK MANAGER UNICON: TOKYO DECEMBER 2015-APRIL 2016**

Member of the writing team for Unicon, a Singapore based startup with a branch in Japan that launches video game apps.

- Translate app content for English speaking audiences, content creation and article writing for the phone app Mediacraft.
- Schedule Facebook posts, interact with online community, test posting methods.

**MARKETING AND CONTENT CREATION, RESEARCHER, EUKLID: TOKYO SEPTEMBER 2015-FEBRUARY 2016**

Assisted with legal studies and material creation at a Fintech startup which handles Bitcoin and stock market algorithms.

- Marketing material and copy editing, presentations for pitches, legal research.

**MARKETING AND RESEARCH INTERN, EVERWISE: SAN FRANCISCO, CA JANUARY-MARCH 2015**

Contributed to the Marketing and Community teams at a B2B software startup for corporate mentoring programs.

- Copy editing and uploading platform content (250 missions).
- Market and competitor research, resource gathering, video editing, Excel sheets, Powerpoint presentation for board meeting.

**FEDERAL GRANT APPLICATION, EQUAL MARRIAGE ALLIANCE: TOKYO JUNE-JULY 2015**

## **SUPPLEMENTAL SKILLS**

---

Native English speaker with 4 years of Spanish, 2 years of Japanese, and currently studying German.

## **INTERESTS**

---

On days I venture outdoors, you can find me playing volleyball, running & hiking in the woods, or window shopping. Otherwise I like trying new gluten free recipes in the kitchen, reading crime and fantasy books with a cup of tea, or playing Xbox.
